Statement of understanding

I understand that this study tour is for academic purposes and counts as a 12.5 credit point elective. In order to pass this elective, all assessments must be undertaken and submitted on time as outlined in the course guide.

I also understand that the level of services and amenities in New Caledonia may be basic on occasion, for example, limited or reduced access to wifi, shared accommodation and facilities, limited choice of food (particularly during the tribal stay).

I also understand that the purpose of this study tour is to improve my fluency in French by making the most of the opportunities to interact with the other students and the local population, and in doing so explore the rich and diverse culture that New Caledonia has to offer.

I have included a statement of results with this application (you can email yourself a Statement of Results via the Student Admin tab of my.unimelb. Click the 'Go to exams & results' button in the Exams & results portlet and then select the *Request a statement of results* link.)
