

The 18-month honours program in the School of Languages and Linguistics

1st semester

- Exchange (summer or winter semester)
- a maximum of 37.5 points (equivalent to 3 x 12.5 subjects)

2nd semester

- 18.75 points of honours thesis (mid-year entry to Honours thesis)
- 12.5 points of honours subjects

3rd semester

- 18.75 points of honours thesis
- 12.5 points of honours subjects

Please note: Honours may be taken over two years in part-time mode but only if there is no exchange involved. All programs of study undertaken overseas must have School and Faculty approval BEFORE travelling overseas. Credit will not normally be issued retrospectively for subjects that have not been approved prior to going overseas. It is possible to study abroad under another scholarship exchange scheme (such as the DAAD- Semesterstipendium) and NOT have your work accredited towards honours. Time spent abroad can then be used to collect data and research materials for the honours thesis that are not available in Australia.
